An all in one compliance and payroll platform

Compliance

Localized contracts

Documents collection

Global legal & tax partners

Payments

Mass payments

Withdrawal in 100+ currencies

Automatic invoice generation

Compliance

Save yourself the time and effort of opening entities when you partner with Deel, as we manage all the local compliance for you

Compliant contract templates tailored to your team

- Dynamically created based on both parties' local law and other critical parameters
- Reviewed every quarter by our network of labour law experts, so you know you are compliant
- Built to mitigate risk (ie: Misclassification, IP clauses, NDAs)

Auto collect all required documents to maintain compliance

- Whether your team member works as a contractor or a full time employee
- Ensure they have the right license to work and get paid in their country
- Be ready for anything from audits, law suits, funding or acquisition
